

## **Village of Spring Valley Vision Statement**

“The Village of Spring Valley is committed to developing a comprehensive plan for land use that facilitates the preservation of cultural, economic, and environmental features that make Spring Valley a special place, protects both community and private property rights, provides a basis for making informed decisions on growth, achieves predictability and produces positive economic growth.”

## **Village of Spring Valley Overall Goals**

1. Support growth and development of community recreation opportunities that will make Spring Valley a distinct destination area.
2. To enhance and develop resources to promote a healthy and vibrant community.
3. Maintain the Village’s safe, small town atmosphere as the community grows.
4. Continue to encourage the revitalization of commercial and residential buildings in the Village.
5. Maintain and develop infrastructure adequate to service the growing population while providing safe and efficient levels of public services.
