

Village of Spring Valley
Lead - Public Works

The Village of Spring Valley is looking for a full-time Public Works-Lead. This position is required to be certified with DNR to complete all Water and Sewer Utility reporting; training and testing can be completed within the first year of employment. Responsibilities include operation of light and heavy equipment, maintenance of the village parks, streets, water, and sewer facilities. Reporting to DNR for water and sewer utilities. Must have valid WI Driver's License and CDL, high school diploma or equivalent. Related experience in snow plowing, plumbing, maintenance, electrical, water and sewer are desirable. Some computer work for reporting, email, etc. Limited hours on weekend rotation schedule. Must live within 25 miles of the village limits. Salary commensurate with experience and any DNR testing/certifications already completed.

Application available at www.springvalleywi.com

Applications can be emailed to clerk@springvalleywi.com (watch for confirmation return email) or mailed to:
