

Handy Andy Park Project

Village of Spring Valley

The Handy Andy Park Project Committee is so grateful to all who donated towards the new playground equipment in the park. Many in the community are enjoying the new space, and it is all thanks to the generosity of people like you. A huge thank you also to everyone who donated their time and labor to get the park installed. It's amazing what we can do when we all work together towards a common goal.

With the goal of a new playground complete, we have set a new goal of putting a safe walking/ biking path from town into the park, and possibly even in a loop around the entire park. We believe the addition of this path will help to keep the kids in our community safe and serve as a beautiful place for exercise and recreation for the entire community to enjoy.

All donations will be recognized on a permanent display at the park. We are asking for your support and that you make a donation to this worthwhile project. **Please see the donation form (next page).**

Visit our website (below) to stay updated on upcoming fundraisers and all things Handy Andy Park Project. Type it in or find a link on the village website. Future goals include a bathroom for the park.
