3. **Street User permits** – The committee stated the bars need staff at their doors to stop people from walking out with a drink in their hand, the Village is supportive of the businesses with common sense, they do not support drinking and driving. We will meet with the bar owners and other business owners to discuss the current ordinance and what the expectations of the Village are. Meeting will be in the evening to accommodate bar owners.
4. **Board of Review Ordinances will be at the next meeting.**
5. **General updates** – A resident has requested an ordinance to control spraying of chemicals/herbicides near property lines, drift. Emerson has checked with other municipalities and found that they don't have ordinances on this, it becomes a civil matter between property owners. Village will not be doing a drift ordinance.
