Staff present: Emerson

The committee reviewed several examples of an ordinance to allow remote attendance and voting by Village Board members. Board members may appear remotely if ill, on vacation, or some other circumstance. Emerson will write up the ordinance for approval at the February meeting.

The committee reviewed a Sidewalk Café Ordinance presented by P. Koch. It allows bars and restaurants to designate an area near their bar on the sidewalk for open container so the streets won't be blocked off. Emerson will put this example into Village Ordinance format for the February meeting.

**Meeting adjourned**

Respectfully Submitted,

Luann Emerson, Administrator
